

Five Seeds This Week

A sweepstakes planting tracker from Seeding Serendipity

Winning is a numbers game with a mindset on top. **You cannot win a prize you never entered.** So plant five seeds, write down what you planted, then do it again in a few days. You are not trying to win this week. You are building the habit that makes winning a matter of time.

1 PLANT YOUR FIVE this week's entries

WHAT I ENTERED	PRIZE	ENTERED	ENDS	IN
1				☐
2				☐
3				☐
4				☐
5				☐

2 DO IT AGAIN IN A FEW DAYS round two, same five-seed rhythm

WHAT I ENTERED	PRIZE	ENTERED	ENDS	IN
1				☐
2				☐
3				☐
4				☐
5				☐

Before you close the tab, picture it.

For each entry, take one second to imagine the prize actually showing up at your door. That little rush is what keeps this fun, and fun is what keeps you planting.

3 WHEN ONE SPROUTS, LOG IT your record for the dry spells

Win -----	Win -----	Win -----
--------------	--------------	--------------
